

Doing? I hope they are doing
fine. Have you been O.K. now?
I hope so, I wish I was
there just to be with you
and our family. But I'll
be there soon.

Well as for myself I'm
just fine so don't worry
about me, say, you know
why I'm here for and that's
to fight. But like I said
before I'll be home soon O.K.
So I just want you to know
I'm O.K. and do just fine.
Thanks to God.

Mom, pray to God every-
night ask Him to take me
home to you safe. I
pray to God every night
for you and our family
